11-Position Eccentric Adjustment Eliminator Plate Kit

TCP EE-01
Eliminator plates and mounting hardware

Our bolt-on eccentric eliminator plate kit directly replaces the factory lower control arm mounting hardware on some 1960's and 1970's Ford/Mercury vehicles equipped with cam bolts. The round exterior of the factory hardware does little to prevent rotation of the eccentric plate and, can allow the lower control arm position to shift when subjected to heavy loads or impacts. Our updated square shape securely indexes the eliminator plate preventing any chance of rotation and altered alignments. Eliminator plates are laser-cut from 1/4" thick steel, feature three 1/2" mounting holes, and are zinc plated. Various combinations of plate orientation and selected mounting holes enable eleven different mounting positions within a five degree camber adjustment range. Grade 8 mounting hardware is included.

Features

- 3-holes allow 11 different positions for lower control arm
- 5-degree range of camber adjustment in 1/2-degree increments
- Laser-cut 1/4" thick steel
- Grade 8 mounting hardware

TCP EE-02

Eliminator plates only - Mounting hardware is supplied in accompanying lower control arm or rack and pinion kit.

TCP EE-03

Spacers only - For use with rack and pinion installation on 1964-66 Mustang and 1960-65 Falcon.

Applications

Make	Model	Year	Part Number*
Ford	Fairlane	1966-1971	TCP EE-01
	Falcon	1966-1970	TCP EE-01
	Maverick	1970-1977	TCP EE-01
	Mustang	1964-1966	TCP EE-03 ²
	Mustang	1967-1973	TCP EE-01 ¹
	Ranchero	1966-1971	TCP EE-01
	Torino	1968-1971	TCP EE-01

Make	Model	Year	Part Number*
Mercury	Comet	1960-1965	TCP EE-03 ²
		1966-1967	TCP EE-01
		1971-1977	TCP EE-01
	Cougar	1967-1973	TCP EE-01 ¹
	Cyclone	1966-1971	TCP EE-01
	Falcon	1960-1965	TCP EE-03 ²
	Montego	1966-1971	TCP EE-01

* - Available as add-on component for Lower Control Arms
 Use part number **TCP EE-02**
 Use part number **TCP EE-03**

1 - Available as add-on component for Rack-&-Pinions
 Use part number **TCP EE-02**

2 - Available as add-on component for Rack-&-Pinions
 Use part number **TCP EE-03**

Additional Applications

Will also fit vehicles using cam bolt (MOOG-K8243A). Usability must be verified prior to purchase.

Chevrolet 1962-1982
 Chrysler 1959-1973
 Dodge 1959-1976
 Dodge Truck 1970-1993

Ford 1966-1980
 Lincoln 1977-1980
 Mercury 1966-1980
 Plymouth 1959-1976
 Plymouth Truck 1974-1983

All prices subject to change. Current pricing available at www.cachassisworks.com.
